

HEINLEIN PLASTIK-TECHNIK
PIPETTE SETS

PIPETTE SETS

Pipette sets are used primarily for dosing and applying liquids. Pipettes and suction bulbs are available in custom lengths and types and can be combined with various closure designs from Heinlein.

The benefits

- dispense countable drops by squeezing the suction bulb
- precise and clean dosage
- allows visual checks to be conducted

Application

For pharmaceutical and medical industries, for lifestyle products, as well as in the food industry and nutritional supplement segments.

Bottleneck Sizes
